TAXPERIENCE YOUR INTERIM SOLUTIONS

THE TAXPERIENCE INTERIM FINANCE SOLUTIONS SERVICES COMPRISE A NUMBER OF PHASES:

Listing wishes and requirements:

In a personal interview the objective of the assignment will be discussed. Both the essential professional and personal qualities of the interim professional will be assessed. Also other related matters, such as the rate and the duration of the assignment, will be discussed.

Selecting and approaching:

After the profile has been drawn up, a selection will be made from our network of interim professionals. After such selection, you will be presented with a short-list of the most suitable interim professionals that are available in the short term. The introduction will at all times consist of the most recent CV with an explanation and the rate of the relevant interim professional.

Interviews:

Based on the short-list provided, you will select the interim professional(s) that you wish to interview.

Selection:

Based on the interviews conducted by you, you will select the professional you think most suitable for your assignment. After selecting the interim professional and definitely agreeing on the start and term of the assignment, an agreement will be entered into with you and the interim professional for the relevant period.

Evaluation:

After the interim professional has commenced his work, Taxperience Interim Finance Solutions will maintain contacts with you and the interim professional throughout the term of the assignment. Also after the assignment has been finalised an evaluation meeting will be held. The reason why Taxperience Interim Finance Solutions highly values this, is because it wishes to warrant the expectations and the quality of the services and thus to meet, or even better, exceed your expectations.
